DISAPPEARING INK PENS

FOR DRESSMAKING, HANDICRAFT, EMBROIDERY... ANY TEMPORARY LINE MARKING, ETC.

Useful for temporary marking, drawing designs, embroidering, and memo writing.

Disappears spontaneously, and/or easily and quickly erasable with water or eraser, any marks on cloth, wool, plastics, wood, or paper.

Available in Violet, Pink, Blue, and White color ink.

Violet disappears spontaneously when exposed to air in 2-14 days.

Pink disappears spontaneously when exposed to air in 1-7 days.

White disappears spontaneously when exposed to air in 1-4 days.

Blue does not disappear spontaneously. Erasable only by water. Use when work needs long time.

- Disappearing time varies depending on writing pressure, material, temperature, humidity, and atmospheric conditions.
- Do not pack and seal in a bag before markings completely disappear. Markings last longer with less ventilation.
- Do not use any solvents or cleaning agents.
- ALWAYS TEST ON SCRAP MATERIAL OR ON CONCEALED LOCATION.

TAILORS CRAYONS

Tailors crayons, also known as Tailors Squares, are manufactured in a wax base and special chemical base. They mark smoothly, sharpen easily, and produce clear lines that melt when pressed. Tailors Crayons are used when the fabric being marked is heavy enough to absorb and hide the melted wax without bleeding through to the other side or when marking lines on which to cut fabric.

Packed 48 pcs per box.

Each square measures 45mm x 38mm x 5mm (1-3/4"x1-1/2"x3/16")

Available in a variety of colors

#D48-900	BLACK	#D48-902	BLUE	#D48-903-1/2	YELLOW
#D48-901	RED	#D48-903	WHITE	#D48-904	GREEN

DISAPPEARING CHALK

Disappearing chalk is used for marking fabrics that cannot absorb a wax mark and that would not permit brushing out clay marks because of the cost involved. SLOW formula oxidizes (disappears) when exposed to air in 165 hours or immediately when placed in a steam press.

Packed 36 pcs per box.

Each square measures 45mm x 38mm x 5mm (1-3/4"x1-1/2"x3/16")

Color: GreyWhite

HIDDEN GLOW DISAPPEARING TAILORS CRAYONS

Hidden Glow Disappearing Tailors Crayons contain a special fluorescent compound that will remain in the fabric after visible mark disappears. The fluorescent marking will show up under ultra violet light ("black light") even though the naked eye cannot observe any marks. Ideal for use on light weight fabrics that would otherwise reveal marking by standard tailors crayons.

Packed 48 pcs per box.

Each square measures 45mm x 38mm x 5mm (1-3/4"x1-1/2"x3/16")

BELMONT PENS (Item # PENS-BLA)

Bold black marking pen with a special "ball" point, traces deep solid lines. The "ball" point permits greater marking pressure and will not snag or fray pattern. Suitable for marking on fabrics that require a **permanent** marking.

BELMONT TAILORING PENCILS

BELMONT Tailoring Pencils have a blend of vibrant pigments pressed into thick leads and encased in wood. Designed for easy sharpening and longer lasting points. Waterproof, smear-proof, and fade-proof. Suitable for marking on fabrics that require **permanent** and very sharp marks. Best used on fabrics with low nap or tightly woven. Also popular in offices, among artists and chartists because of the broad and easy deposit of color.

Packed 12 pcs per sleeve / 6 sleeves (72 pcs) / box
Available in a variety of colors.
