

# ORGAN NEEDLES

## A SEWING MACHINE IS ONLY AS GOOD AS THE NEEDLE IN IT!

The Organ Needle Company works closely with all of Japan's sewing machine builders to design and manufacture needles for optimal performance. A machine builder cannot afford to buy an inferior needle at any price!

Next time you order replacement needles for your best machines, order the needles your machine builder uses. When you buy **ORGAN** needles for their outstanding performance you get their *low price* as a bonus.

Would any machine builder jeopardize his reputation by supplying an inferior needle with his machine? How much could he save, \$.10 or \$.20 per needle, \$1.00 or \$2.00 per machine? The price of a needle is not a factor to him -- *PERFORMANCE is the factor!* Price is an added benefit, a bonus you automatically get with every box of **ORGAN** needles.

**ORGAN needles are supplied with every new machine from:**

**BROTHER, JUKI, MITSUBISHI, YAMATO, KANSAI, PEGASUS, CONSEW, TAJIMA, BARUDAN, NAKAJIMA, KINGLINE, NEWLONG, TOYOTA, RENOWN and many, many more...**

After you've used-up the *free* needles packed with your new machine, which performed flawlessly, why change to a more expensive needle? What can you gain? How could any needle at any price be better than those made to the machine builders specifications? How could a copy, even a more expensive copy, be better than O.E.M. specs?

# Guarantee

We guarantee your satisfaction when you purchase a box of ORGAN needles from us or one of our authorized dealers.

We guarantee both the performance and the quality of our ORGAN needles. If after using 99 ORGAN needles you are not completely satisfied that our ORGAN needles perform as well as any other brand, at any price, just return 1 needle for a full refund!

Everyone should guarantee their quality. We're so confident you'll like our ORGAN needles that we guarantee their quality, their performance, your satisfaction and our prompt delivery!
